

Battery Recycling

ACCEPTED ITEMS:

LITHIUM

NICKEL/METAL HYDRIDE (Ni-MH)

ALKALINE

NICKEL- CADMIUM (Ni-Cad)

LITHIUM-ION

MERCURY & SILVER OXIDE

USE PROVIDED TAPE TO COVER TERMINALS BEFORE RECYCLING.

Batteries contain corrosive materials and heavy metals that can harm the environment. Tape battery terminals before disposal to prevent short-circuits and fire hazards.

**DROP OFF LOCATIONS
AND MORE INFORMATION**

To handle any leaking or unsafe batteries
or when receptacle is full, contact
University Recycling to schedule a pick up.
